ALLEGED VIOLATIONS

The probation officer believes that the offender has violated the following condition(s) of supervision:

<u>Violation No.</u>	<u>Nature of Noncompliance</u>
----------------------	--------------------------------

<u>1.</u>	<u>The defendant shall refrain from any unlawful use of a controlled substance.</u>
-----------	--

On November 14, 2012, Mr. Moss tested positive for methamphetamine and amphetamine. He denied use of methamphetamine but admitted using amphetamine, stating that he had illegally purchased the prescription drug Adderall from a woman he knows. He further admitted to drinking bleach with milk prior to arrival for drug testing in an attempt to have a negative drug test. His urine sample was very diluted. On December 6, 2012, Mr. Moss again tested positive for methamphetamine and amphetamine. The urine sample was again diluted. He denied drug use since November 14, 2012, but the positive lab results for methamphetamine indicate recent use of the drug.

Compliance with Supervision Conditions and Prior Interventions:

Mr. Moss began supervision on May 23, 2009. He has maintained full-time employment during supervision and currently is employed by Tennessee Steel Erectors.

The Court was notified on July 10, 2012, that Mr. Moss had been arrested on May 29, 2012, and charged with Possession of Stolen Property by the Robertson County Sheriff's Department. He was arrested on June 6, 2012, on a warrant from Kentucky State Police for Theft by Unlawful Taking over \$10,000. His case in Robertson County was dismissed on December 3, 2012. His case in Allen County, Kentucky is still pending.

As a result of the positive drug tests, drug testing has been increased. Mr. Moss was referred for a substance abuse assessment on November 20, 2012. He previously informed that prior to his arrest in 2000, he used methamphetamine daily.

U.S. Probation Officer Recommendation:

It is recommended that Mr. Moss be continued on supervised release with no further action at this time to give an opportunity to benefit from substance abuse treatment. He has been reprimanded for his violation behavior and advised that continued disregard of his conditions of supervised release may result in sanctions by the Court.

The U. S. Attorney's Office had been notified and concurs with this recommendation.
